S'Wonderful! Celebrating the Legacy of George and Ira Gershwin

Get ready for an unforgettable afternoon featuring some of the most popular American music ever written. Of the many legendary songwriters of the early 1900s, none shone more brilliantly than George Gershwin. In his short 20-year career he and his brother Ira crafted timeless songs that still find a place at the top of 21st century playlists.

Vocalist Prudence Johnson, pianist Dan Chouinard and jazz violinist Randy Sabien bring lifetimes of musicianship and historical curiosity together in this program celebrating and honoring the Gershwins' musical legacy, from the early hits

of the "Swanee" era to the Broadway shows and Hollywood movies, the groundbreaking *Rhapsody in Blue* and the operatic masterwork *Porgy and Bess*.

This retrospective will have you tapping your toes to timeless favorites from the American songbook including: *S'Wonderful*, *The Man I Love*, *Lady Be Good*, *I Got Rhythm*, *Summertime*, *Someone to Watch Over Me*, *Love Is Here to Stay* and more. **You won't want to miss it!**
